

## REMARKS

Claims 1, 5-7, 10, 11, 14, 21 and 22 are pending in the application. Claims 6, 10 and 21 have been amended. Is respectfully requested that this amendment be entered.

The claims set forth beginning at page 2 contain the Examiner's Amendment as set forth in the Notice of Allowability.

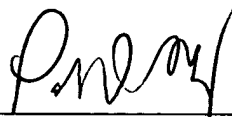

Claim 6 has been amended by changing "two equations-two unknowns" to "first and second equations-two unknowns" to correspond to the language in claims 1, 10, 21 and 22 and to provide antecedent basis for "said first and second equations that occurs later in claim 6.

Claims 10 and 21 have been amended by changing "said control filter and said first second data sets" to "said control filter and said first and second data sets" to provide a missing conjunction.

This amendment is necessary to correct inadvertent omissions in the Examiner's Amendment. The amendment could not be made prior to the Examiner's Amendment. Therefore, it is respectfully requested that the amendment be entered because it is proper at this time and does not raise new issues that require further consideration.

Respectfully Submitted,
